GREEN COMMUNITY

Green Community design competition challenges students to rethink their communities in terms of a sustainable future. Students will be challenged to create a sustainable community according to environmental design principles in architecture, landscape architecture, and urban planning.

REGISTRATION DEADLINE: February 9, 2009

SUBMISSION DEADLINE: May 20, 2009

<https://www.acsa-arch.org/competitions/greencommunity.aspx>

CONCRETE THINKING FOR A SUSTAINABLE WORLD

Students will be challenged to investigate an innovative application of portland cement-based materials to achieve sustainable design objectives in two main categories:

1. Transit Hub: design a public transportation center focusing on architectural innovations in order to preserve tomorrow's resources
propose an innovative solution in steel
2. Building Element: design a single element of a building that provides a sustainable solution to real-world environmental challenges

REGISTRATION DEADLINE: February 9, 2009

SUBMISSION DEADLINE: June 3, 2009

COMPETITIONS, cont.

PRESERVATION AS PROVOCATION

The challenge asks designers to imagine the next phase in the life of the Salk Institute by asking designers to how the preservation of these buildings can provoke a profound rethinking of our current conventions about composition, construction, and building performance. The aim is to envision a new type of facility that would be unimaginable without the existing structures.

REGISTRATION DEADLINE: February 9, 2009

SUBMISSION DEADLINE: May 6, 2009

<https://www.acsa-arch.org/competitions/09SalkComp.aspx>

AIAS/VINYL INSTITUTE DENVER BICYCLE CENTER

The competition challenges students to learn about the material properties and assembly of vinyl products. This year's theme of "Energy" allows students to look at the energy efficiency of the center, as well. REGISTRATION DEADLINE: November 20, 2008

SUBMISSION DEADLINE: December 3, 2008
