Annual Report 2008-2009

MESSAGE FROM DEAN KIM TANZER

It is my pleasure to introduce the UVa School of Architecture Foundation’s 2008-2009 Annual Report, covering the fiscal year ending June 30, 2009. As you will see from the information that follows, with your help the School of Architecture has had a successful year.

We are gratified by the tremendous support of everyone who brings the School of Architecture to life – faculty and staff, students, alumni, friends and family. The dedication of the A-School’s community is extraordinary – and as important as ever. As state funding for higher education decreases, private gifts for programs and endowment will be the catalyst for new programs, new research and new faculty as well as for the continued growth of alumni relations, communications and student fellowships. Donations to the School and the Foundation help to give our faculty and students the tools and the flexibility they need to build smarter and dig deeper, addressing the problems facing all of us in the world today.

In particular, I would like to acknowledge the hard work and dedication of our volunteer leadership Boards, and especially our Foundation Board, for their guidance and leadership in sustaining the momentum of the School during a Dean’s search and transition last year. We are deeply grateful for your service.

This pivotal moment in the life of the School (and globally) affords us the opportunity to reflect upon our values and examine how to move the School towards greater financial self-sufficiency while preserving its strength and originality. The Foundation and its Board, along with the Dean’s Advisory Board, our faculty and students, and all of our alumni and friends, will be integral to this work. As the School’s new Dean, I look forward to joining you in this exciting endeavor. Together, we will ensure that the School’s esteemed legacy continues to flourish and evolve as we move into the future.

Kim Tanzer
MESSAGE FROM STUART SIEGEL (Arch ’78)
Foundation Board President

This online Foundation Annual Report celebrates the impact of private giving and alumni engagement at the UVa School of Architecture (for the period of July 1, 2008 to June 30, 2009). We recognize the many individuals, foundations and corporations who contributed this year and pledged future gifts to the School. We also highlight activities that enabled alumni connections, an important function of the Foundation as well.

Over 1650 donors and friends to the UVa School of Architecture this past fiscal year committed $3.6 million in new gifts, pledges and future bequests in support of the School! The impact of this generosity – from new programs and new faculty to the Campbell Hall additions – is illustrated in the following pages. This achievement has added significance this year in the face of a depressed national economy and state budget cuts at the University that resulted in nearly a third of a million fewer public dollars for the School of Architecture.

The SARC Annual Fund and the Dean’s Forum are especially important as they provide unrestricted funding to meet urgent needs and strategic priorities. I am pleased to report that thanks to you we saw an increase of 16% of total gifts and 11% of total donors to our annual fund this year.

Fiscal year 2009 was the fifth of an eight year Campaign for the School of Architecture, scheduled to end in 2011. As of July 2009, the School has received $19.1 million in gifts, pledges and future bequests toward its goal of $25 million. This includes over $4 million in documented future support. This is a wonderful achievement, but there is much still to be accomplished. We look forward to introducing new philanthropic priorities for this final phase of the Campaign and welcome your continued support.

In closing, I want to recognize the contributions of Karen Van Lengen, who stepped down this year after ten years as Dean. Among a long list of legacies she leaves as Dean, the development of the School of Architecture Foundation five years ago is an important one. Finally, we welcome Dean Kim Tanzer and commit our full support to maintaining the momentum and bringing exciting new ideas to life!

Thank you!
IMPACT OF PRIVATE SUPPORT

FY09 PHILANTHROPIC GIFTS AND FUTURE PLEDGES
Total: $3.6 million

Private gifts and grants touch nearly every aspect of the School of Architecture. In FY09, the lion share of all gifts and pledges were directed to teaching, research and departments (as seen in adjacent chart) but other areas received significant support as well through restricted and unrestricted giving. Of the total amount given and pledged this fiscal year, over $1.5 million was in the form of documented bequests or planned gifts.

The following research, teaching and program and capital initiatives were established or advanced significantly this year thanks to private gifts and grants:

- The Learning Barge
- ecoMOD4
- Public Service Fellows Program
- Institute for Environmental Negotiation
- The Charlottesville Community Racial Reconciliation Project
- Dan Kiley Landscapes: Poetry of Space
- Mario di Valmarana Professorship
- Real Estate Program Initiative
- Class of ‘83 Dean’s Discretionary Fund
- Campbell Hall Additions and Enhancements
- The Bettie Hall Fund
- LUNCH student publication
- The Frederick L. Olmstead Papers
- Redesigned Colonnade and the new E-News
- Jaquelin T. Robertson Visiting Professorship in Architecture
Recipient Profile:
Karl Krause MALA ’09, Howland Travel Fellow

A master’s degree graduate of the University of Virginia’s School of Architecture, Krause combined his skills as a graphic designer, communicator and middle school teacher — fields he worked in before coming to UVa in 2007 — to initiate a project to help immigrant children envision a transformation of their disadvantaged, densely populated urban neighborhoods. The project was initiated with funds from an Architecture School 2008 Howland Traveling Fellowship. In addition to spending two weeks in San Francisco, Minneapolis, Staten Island, N.Y. and Montreal working with the students and purchasing a high-definition video camera, Krause was able to donate $500 to each community youth program to spend as it wished.

Through the Dean’s Forum fellowship I was also able to pursue activities outside of studio, such as starting a voter registration initiative, participating in the graduate student council, helping to edit the student journal, and being a part of the graduate admissions committee. This fellowship has been fundamental to the last year and will allow me to continue working towards a dual degree in Architecture and Landscape Architecture at a school where my interests in cross-disciplinary collaboration are enthusiastically supported.”

- Suzanne Mathew, Dean’s Forum Fellow 2008-2009 (M.Arch I and MLA Candidate)
ALUMNI CONNECTIONS AND ANNUAL GIVING

alumni connections

This year the UVa School of Architecture Foundation, along with alumni, friends and faculty members and the Dean’s Advisory Board, hosted 15+ engagement events, connecting 900 members of the A-School community around the country with each other and with the latest news from the A-School. The Regional Alumni Committees held 4 events in their respective 3 cities including a reception at the New York Times building in New York City, an AIA convention reception at the Slanted Door in San Francisco and two talks/receptions in Washington DC and Northern Virginia at Gensler and the USA Today building. On October 25th, 2008, the School of Architecture celebrated the reopening of Campbell Hall after two years of renovations and construction with a ceremony at the School with President John Casteen and the annual Dean’s Forum Dinner with a special all-school afterparty following. In the Spring, the highlight was Reunions Weekend 2009 (June 5-7th) which welcomed back the most returning alumni and their families ever to a UVA reunions weekend. The classes of 1964, 1969, 1974, 1979, 1984, 1989, 1994, 1999 and 2004 enjoyed an Architecture School cocktail reception and picnic lunch.*

Also this year, in conjunction with the School of Architecture communications team, we introduced the new School of Architecture e-newsletter and the completely redesigned Colonnade magazine. The A-School is even on Twitter! Follow us on http://twitter.com/uvasarc. We look forward to seeing you at our next event (check our calendar and look for an event in your area, http://www.arch.virginia.edu/calendar/) and we thank you for “continuing the conversation” with the A-School!

annual giving

The School of Architecture Annual Fund consists of all gifts given to the UVa School of Architecture Foundation without restriction to its use (an unrestricted gift), or a gift that is designated to a particular area but is to be used within the current fiscal year (a restricted gift). This year, unrestricted giving to the School came in at just over $400,500, a 16% increase from last year with 944 total donors, an 11% increase from last year (850).

Two highlights helped to make this an exciting, record Annual Fund year:

October 25th Campbell Hall Reopening Celebration Housewarming:

All alumni and friends received an email to recount their favorite memories about Campbell Hall and, if possible, donate $10 or $25 as a housewarming gift to the School. The response was great with a record number of donors in the month of October (103), including 49 new donors and a wonderful collection of stories from through the years (an archive of the stories can be found at http://www.arch.virginia.edu/alumni/stories/).

45K in 45 Days Challenge:

The April 2009 “$30K in 30 Days” challenge was met in just 25 days, prompting the generous anonymous donor to increase and extend the match to “$45K in 45 days.” By May 15th (the last day of the challenge), the challenge had raised over $49,000 to the Annual Fund from more than 200 donors, 56 of whom were new donors to the School.

*All of our events strive to be “green” by promoting local and sustainable foods, recyclable or reusable products and composting when available.

ADDITIONAL 08/09 SCHOOL OF ARCHITECTURE EVENTS

Campbell Hall, Charlottesville VA - Dean’s Announcement and Reception for Kim Tanzer and Rod McGalliard

Colonnade Club, Charlottesville VA - The Class of 1959 TJ Society Reunion Luncheon

Baltimore, MD, Wilmington, DE., Philadelphia, PA and Princeton, NJ - series of small alumni lunches and dinners with Faculty Emerit Mario di Valmarana and Reuben Rainey
NEW ENDOWMENTS CREATED IN FISCAL YEAR 2009

John K. Partridge Graduate Student Endowed Award in Architecture Fund was created in memory of John K. Partridge (Arch ’77) by a group of contractors from his professional community in the Philadelphia area. To honor and recognize John’s interest in architecture education and his passion for students to be given an opportunity to thrive in the classroom, the Fund will support one or more architecture graduate students who demonstrate financial need and a desire to study and further sustainable design practices in their future careers.

Benjamin C. Howland Landscape Architecture Field Studies Endowed Fund was established to support class and program field trips and site visits to American public landscapes with preference given to visits to American National Parks and other federal sites, and also to support the faculty and student research before and after the travels. These visits will help to reinforce students’ understanding of landscape architecture as a public service and for the public good. The Fund was established in memory of the life and work of Benjamin C. Howland, professor of landscape architecture (1975-1983), practicing landscape architect, and committed public servant.

The Reuben M. Rainey Endowed Scholarship in Landscape Architecture Fund was founded by friends and colleagues of Reuben McCorkle Rainey, William Stone Weedon Professor Emeritus. Reuben is a former chair of the department of landscape architecture and has taught in the School of Architecture for over 30 years. He has received numerous teaching awards and participated in the Vicenza, Italy, summer program at the School of Architecture for 11 years. His scholarly work on a wide range of subjects has been translated in five different languages. His focus is on the history of landscape architecture and the design of “healing” environments for a wide range of health care facilities. This scholarship is to help attract and retain strong graduate students in the Landscape Architecture program.

The Endowment for Studios and Visiting Professors in the Program in Landscape Architecture was created by an anonymous donor to fund studio classes and/or visiting professors in the Program of Landscape Architecture at the School of Architecture. This fund will ensure that the Landscape Architecture program continues to flourish by bringing in notable professors and/or innovative studios every year.

The Elmaleh East Wing and South Wing and the extensive contiguous landscapes were officially dedicated on October 25, 2008 and was made possible by the generosity of devoted alumni, parents and friends. This list of named donors below represents only a small group of the many individuals who made these projects possible. In all, there were over 440 donors who contributed and pledged a total of over $7 million towards this $15 million transformative project. There are many great naming opportunities still available.

In the years to come, the School aims to be even more globally minded, change the lives of more students, become more sustainable and ecologically innovative, and continue to extend its impact beyond the walls of Campbell Hall. To do this, we need your help! There are many ways to give back to the School and sustain the momentum.

**annual fund + dean’s forum**

Annual Giving for Daily Impact. The UVa School of Architecture Foundation Annual Fund is the backbone of institutional support. Every unrestricted donation, no matter what the size, from alumni, parents and friends significantly helps to support the areas of greatest need at the School. Unrestricted gifts are funds given to the UVa School of Architecture Foundation without restrictions on how the money can be used. This assures the School and Foundation unparalleled flexibility to cover unexpected costs and seize opportunities when they become available. Unrestricted gifts have been applied to top priorities such as:

- student scholarships and work study
- faculty research and development
- travel opportunities
- technology enhancements
- innovative curriculum and studios
- special lectures and exhibits
- student publications
- alumni activities
- marketing and communications
- library acquisitions

**restricted and endowment giving**

Restricted gifts are donations that are designated to a specific area of the UVa School of Architecture including faculty projects, student fellowships and named lectures. We encourage donors to consider establishing a named endowment to ensure generations of future support to the School and Foundation. A $20 gift today is $1 per year in perpetuity! (Based on a 4% yield and an achievable total rate of return.)

**planned giving**

A planned gift is one of several types of gifts that permit you to provide future benefit to the School while meeting your current financial, personal and philanthropic goals.

**making your gift**

There are many ways to make a gift. You may send a check payable to the UVa School of Architecture Foundation to the address below. Pay by credit card online at www.arch.virginia/waystogive or call 434-924-7149 to speak to a Foundation staff member. Give stock through electronic transfer or by calling the Foundation office. Depository Trust Company, or DTC, is the clearinghouse for electronic security transfers. When you wish to make a gift of stock, provide the following information to the transferring broker:

- Account Name: University of Virginia Gift Account
- Account Number: N7M-001327
- DTC Number: 443
- Clearing Broker: Pershing LLC
